Statement of Reason:

During the COVID-19 pandemic a temporary restriction was introduced in July 2020 to temporarily suspend the one-way for cycles in Park Place to permit cycles to travel in both directions. This route is part of the E3 cycle corridor that connects Redhayes Bridge, Whipton, Heavitree and the City Centre and is part of Exeter's strategic cycle network. With a largely positive feedback it is proposed to make the restriction permanent. There are no changes to the one-way direction for motor vehicles.

Specifically, the order if made will help facilitate the passage on the road or any other road of any class of traffic, including pedestrians, and or improve the amenities of the area through which the road runs.
