Statement of Reason:

Following the recent construction of the new housing development to the north of the B3344 at Bradley Bends, a section of the B3344 has been re-aligned and it is proposed to prohibit vehicles accessing the southern sections of the old road from the B3344. The proposed order is to prohibit all vehicles along the sections that are no longer suitable for vehicles and will bring our orders in line with this on-street arrangement. This proposal will align the speed limits with the existing on-street lighting and signing.

Specifically, the restrictions proposed are for avoiding danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising, for facilitating the passage on the road or any other road of any class of traffic (including pedestrians) and for preserving or improving the amenities of the area through which the road runs.
