### **Statement of Reasons**

This traffic regulation order is being proposed due to the land adjacent to the road being developed to build new homes. New junctions will be created onto the B3215 which will change the character of the surrounding environment.

The order will avoid danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising, to prevent damage to the road or to any building on or near the road and to preserve or improve the amenities of the area through which the road runs.
