### **Statement of Reasons**

At Hacche Lane junction it is proposed to ban the right turning movements to improve safety. The new roundabout at Borner's Bridge and existing roundabout at Aller Cross will provide the alternative routes.

At West Buckland Junction a bridge is being constructed over the A361 and it is proposed to prohibit a number of turning movements to improve safety as the same manoeuvres can be carried out using the new bridge.

The restrictions are proposed to avoid danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising.
