### Statement of Reasons

The restrictions are being proposed to resolve minor local issues that have been reported to the council and considered as part of the Torridge Highways and Traffic Orders Committee annual local waiting restrictions programme. Specific details of what is proposed at each location can be found within the deposit documents. The restrictions are proposed to avoid danger to persons or other traffic using the road or for preventing the likelihood of any such danger arising, for facilitating the passage on the road or any other road of any class of traffic (including pedestrians) and to preserve/improving the amenities of the area through which the roads run.
