Statement of Reason:

The proposal corrects the description of the start point on the west side of the prohibition to align it with the vertical signs indicating the prohibition. No physical changes will be made to the restriction as it is currently on the ground. Specifically, the restrictions proposed are for avoiding danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising, for facilitating the passage on the road or any other road of any class of traffic (including pedestrians) and for preserving or improving the amenities of the area through which the road runs.
