Statement of Reasons

School streets are roads surrounding schools that are closed to motor traffic at drop off and pick up times, enabling children to walk or cycle to school, reducing car trips and creating more space for active travel.

The restrictions are proposed to avoid danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising; to facilitate the passage on the road or any other road of any class of traffic (including pedestrians); to prevent the use of the road by vehicular traffic of a kind which, or its use by vehicular traffic in a manner which, is unsuitable having regard to the existing character of the road or adjoining property and to preserve or improve the amenities of the area through which the road runs.
