### **statement of reasons**

It is proposed to introduce a road hump to highlight and improve the crossing point outside Honiton Primary School. It is proposed to introduce a new School Keep Clear opposite the school and to upgrade the two existing School Keep Clears, so that they can be enforced during the school drop off and pick up times, to ensure the crossing point is kept clear of vehicles. It is proposed that waiting will continue to be prohibited at other times to permit loading to the adjacent properties and is consistent with the current restriction.

Specifically, the restrictions are proposed to avoid danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising, will facilitate the passage on the road of any class of traffic (including pedestrians).
