### Statement of Reasons

It is proposed to introduce No Waiting At Any Time to prevent parking in the turning head so that vehicles unaware of the prohibition restriction or delivering to properties are able to manoeuvre easily to make a return journey.

It is also proposed to extend the current 20mph zone and introduce a new 30mph speed limit to tie in with the additional street lighting due to be erected as part of the Langaton Lane Green Lane Scheme, Exeter and to reduce speed on the green lane allowing safer passage for all users.

Specifically, the restrictions are proposed to avoid danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising, will facilitate the passage on the road of any class of traffic (including pedestrians) and will preserve or improve the amenities of the area which the road runs through.
