Statement of Reasons

It is planned to improve the surface of Rydon Lane, Exton to improve cycle/walking facilities and to enhance the link between the Exe Estuary Trail and Woodbury. However, it is proposed to introduce a Prohibition of Motor Vehicles to restrict access along part of the road to ensure the route is retained for pedestrians and cycles only.

The restrictions are proposed to avoid danger to persons or other traffic using the road or for preventing the likelihood of any such danger arising and for facilitating the passage on the road or any other road of any class of traffic (including pedestrians) and will preserve or improve the amenities of the area which the road runs through.
