**statement of reasons**

As part of 'The Gardens' development on Vaughan Road it is proposed to prohibit motor vehicles at the northern end of Hill Lane to improve access to the new development for cycles and pedestrians. It is also proposed to introduce two road humps in the nearby area, one on Summer Lane and one on Vaughan Road. Alongside this, it is also proposed to introduce No Waiting At Any Time along Vaughan Road to act as junction protection for a new access into the development. On Hill Lane, the development will be shortening the carriageway and it is proposed to realign and extend the No Waiting At Any Time to prevent obstructive parking in the turning head area, as well as introducing two Car Club Bays in a new layby.

Specifically, the restrictions are proposed to avoid danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising, will facilitate the passage on the road of any class of traffic (including pedestrians) and will preserve or improve the amenities of the area through which the road runs.
