Statement of reasons

This traffic order is proposed as part of Devon County Council's Bus Service Improvement Plan to help to achieve better bus journey times and encourage the use of public transport. It is proposed to improve the signalled junction and extend the bus lane further south-east to improve bus priority through the junction.

Specifically, the restrictions are proposed to facilitate the passage on the road of any class of traffic (including pedestrians) and will preserve or improve the amenities of the area which the road runs through.
